

DR. CHRISTIAAN ORANJE

Award-Winning Global Speaker, International Best-Selling Author, and Soulful Mentor

The SoulMatters Mentor

Dr. Christiaan is the founder of 'Walking the RED Carpet,' a company providing high-level transformational programs, services, and events. Dr. Oranje utilizes RBTs, or Road Block Transformers, designed to transform any 'roadblock' into a 'stepping stone' - something that helps us to get from where we are now to where we want to be.

His transformative talks center around his unique application of what Soul is, how to apply it, and its advantages using a new sound healing technology he has developed called "uniSOUNDhealing." This technique helps to create changes that are durable, sustainable, and long-lasting, all presented in a very practical manner, aimed to generate down-to-earth results.

Dr. Christiaan shares the knowledge, experiences, insights, tips, and tools he has gathered over the years as a musician, writer, mentor, and keynote speaker. He helps well-established executives, business owners, and private clients who are unhappy despite the successes and wealth they have generated, to transform their lives, and through that their careers, and/or businesses into more fulfilling, meaningful, and above all, joyful ones.
